

Bahrain Investment Wharf assigns the Quantity Surveying Services for the Infrastructure Facilities to Hisham Abdulrahman Jaffer

Manama, December 11, 2006: Bahrain Investment Wharf (BIW), under development by Bahrain based Tameer, has assigned the quantity surveying and cost management services of the primary infrastructure facilities contract to Hisham Abdulrahman Jaffer (HAJ). The Contract was signed by BIW Vice Chairman and Managing Director Mr. Laith Al-Memar and the General Manager Mr. Mohammed Bucheery of HAJ, in the presence of Mr. Muhannad Al-Durrah, the CEO of BIW, Mr. Yazan Haddad, BIW's Project Director, Mr. Mohamed Khalil the Projects Manager of Tameer, and Mr. Nizar Ahamed the Head of Cost Management of HAJ.

HAJ will be responsible for the quantity surveying and cost management of the primary infrastructure facilities' design and construction supervision within the BIW Development which entails primary facilities such as roads, water and electrical distribution networks, storm and sewer drainage systems, district cooling system, telecommunications, street lighting, landscaping and other utilities. HAJ, a local Bahraini Consultant

in Quantity Surveying and Cost Management, brings with it a wealth of experience in the development of such state of the art facilities to serve such a major development.

Commenting on this new development, Mr. Laith Al-Memar, BIW Vice Chairman & Managing Director said “Bahrain Investment Wharf is a pioneering project aiming to attract local and international investors to invest in small and medium industries by virtue of services, facilities and reasonable prices it offers. Moreover, BIW is one of the major industrial development projects in Bahrain and the region—the first investment venture of its kind, which is the result of mutual cooperation between Bahrain’s Ministry of Industry and Commerce, on behalf of the public sector, and the private sector represented by Tameer. Such a project will require infrastructure of an international standard, and thus HAJ was awarded the contract due their experience, we are delighted to work together”.

Mr. Mohammed Bucheery of HAJ, “With our vast experience in all types of major large-scale developments, we have all the necessary skills for such state of the art infrastructure facilities in Bahrain Investment Wharf. BIW is a visionary project that will not only contribute to the economy of Bahrain but will affect the business affairs of the region. We are pleased to be part of this mega development which will play an important role in creating the perception of the Kingdom of Bahrain as a strong business hub.”

The Bahrain Investment Wharf is planned to house an industrial park for medium and light industries, a logistics park for storage and logistics purposes, in addition to residential, commercial and business communities.
